BONFIRE

To Sponsor "Pre-Game" Community Rally Wednesday Evening

Bruce H. Boynton, local WPA Recreation supervisor, today invited everyone in town to attend the big "pre-game" community bonfire which will be cosponsored by the Recreation department and the Daly City Record, tomorrow, (Wednesday) evening, on Hillside boulevard.

Designed to arouse the "old home-town spirit" for the big Jefferson-South City game, Thanksgiving day, the bonfire will be lighted at 7 p. m.

Student Body President Bill Rigler this week announced that all members of the Jefferson student body have been invited to attend. Football players, fans, yell leaders and students are expected to turn out en masse for the occasion.

Cooperation of Chief Andrew P. Chesney and the Daly City fire department has been requested, according to Boynton. Songs, cheers, and dancing are expected to high-light the pep rally.

Jefferson's game with South City begins at 10 a. m. Thursday at the Jefferson stadium, when hundreds of fans will cheer their team on to victory. A long-standing "feud," this year's game is expected to be even more hotly contested than ever since South City won a close 6-0 victory in the final minutes of play in last year's contest.

Add H. A. McHugh To Disaster Committee

Daly City's "disaster preparedness" committee gained its fifth member when H. A. McHugh, 247 Oliver street, was named to membership in the group by Old Glory Post No. 2044, Veterans of Foreign Wars, at their last regular meeting.

Other members of the emergency committee, which was recently organized under the sponsorship of the city council, include Fire Chief Andrew P. Chesney, Police Chief James Reardon, Water Superintendent Arthur J. Bodien and Health Officer Fred Collins. A representative will also be appointed by Daly City Unit No. 410, American Legion. It is expected that the committee will meet soon to formulate definite plans.

Discuss Need For Hall At Recreation Meet

Daly City's need for a larger social hall was discussed in detail last Wednesday afternoon when the Recreation committee met in regular session at the local recreation offices, 101 Parkview avenue.

Reporting upon the crowded conditions in present recreation centers, Bruce H. Boynton, local supervisor, pointed out that there were several hundred children who could not be accomodated at the recent Hallowe'en parties.

After considerable discussion, the committee requested Boynton to submit prices both on a portable building which could be used as a social hall, and upon the enlarging of the persent recreation building. It is expected that the matter will be brought up before the city council in the near future.

Plans for the annual Christmas party were discussed by the committee. Members present at the meeting included Mayor John J. Fahey; District Superintendent of Schools R. L. Crane; Co-Sponsor's Agent A. J. Bodien; Mrs. Ann Eason and Mrs. Mazie Boyle.

Daly City Boosters' Dinner

A round-table discussion of how to aid individual and community growth was held, with many interesting and worth-while ideas presented. Commanding urgent attention was the suggestion to form a merchants' group to further city and business development.

SEND-OFF

Gala Ceremony For Volunteers Staged At City Hall

"They're in the army now!"

Four volunteers were given a gala send-off at the city hall last night (Monday) and eleven others honored, as Daly City's first contingent spent their last evening at home before induction into the United States army early this morning.

Hundreds of friends, city officials and patriotic organization members turned out for the event. A parade, starting at Mission street and the county line at 7 p. m., wound up at the city hall, where brief speeches were delivered by city officials and leaders from Daly City, South San Francisco and Lawndale. Chairman of the evening was Dr. J. C. McGovern, head of the local draft board.

Leaving home this morning for one year of military service, Lloyd E. Stone, Colma; Stanley C. Simpson, 255 Los Banos avenue; Frank Tringali, 116 Flournoy, and Jack W. Adams, Bayshore City, were guests of honor at last night's affair. The fifth man to fill the quota had not yet been determined.

Also honored at the exercises were eleven other volunteers from this district. Of these, three have signed up since the last publication of The Record — Charles

hopes to organize several varied musical groups for different ages in Daly City.

"It is surprising how much fun people have in getting together to sing or play," Miss Dayton said today. "And I want to emphasize one fact—it is not necessary to be an expert to join our groups."

A graduate of several famous musical schools, Miss Dayton will promote both instrumental and vocal music here. She is particularly interested in getting a crowd together for community singing.

"If you're interested in music at all," Miss Dayton said today, "just give the recreation office a telephone call. The number is DElaware 1433."

Mrs. Page pointed out that all funds collected will be used for domestic purposes. In time of emergency, the Red Cross has a heroic and merciful mission, supplying the food, clothing, medical and nursing service that have meant life itself to thousands of Americans in time of danger.

Less spectacular but no less meritorious is the daily routine Red Cross work that includes public health work, visiting nurse service, well-baby clinics, first aid and life saving, and home service to unemployed, disabled veterans.

SWIMMING

A swimming meet was held between the Jefferson G. P. A. girls on Thursday. The girls worked hard to bring in their scores, which gave them points toward their G. P. A. L. block.

JEFF WINS 7-0 VICTORY

Jefferson's huskies, underdogs of the P. A. L., pulled themselves out of the cellar, Friday, for a 7-0 victory.

Knocking the Palo Alto Vikings for a hard wallop and never letting them know what was going on, the Jeff players really upset the prediction of the P. A. L.

A-1 ball packing and perfect blocking was the point in favor of the Jeff men, as they held the Vikings to a no-score in the sixty minutes of hard-fought ball playing.

Herb Poddig made his initial debut into the backfield with an average of at least five yards per crack at the stalwart line of the Vikings.

Little Harlen Ferrando, one of Jeff's tough fighters, played one of his finest games. With his fancy cutting and blocking, he helped keep the Vikings out of pay dirt.

Excitement ran high as "Mad Russian" Lekoff intercepted a pass on the Jefferson 10-yard line. Jeff's boys did some swell blocking and cleared the field for Lekoff's touchdown run, with DeBono skilfully removing Palo Alto's safety man. Poddig kicked the extra point.

Still game, the Palo Alto eleven marched down the field to Jeff's one-yard line in the fourth quarter. That was when the Jefferson gridmen really showed their stuff, and put up one of the strongest forward defensive walls that has been seen here for a long time. Jeff held the Vikings for three downs and when they tried for a pass, intended to tie the score, Jefferson's end man, Dick Ruppert, was on his toes and crashed through in the fourth down to knock down the pass.

Jefferson really showed their stuff Friday, and their line was the best it has been this season, with center man, Bill Rigler, throwing his balls without a single bad pass. Compliments also go to the guards, tackles and ends as they put up a beautiful forward defensive wall in holding the Vikings' yardage down.

The backfield with John Razzari calling the plays, Lekoff with his fast passing and perfect kicking, Ferrando with his fancy cutting and Poddig with his line buck could have given any team in the P. A. L. a bad time.

The Jefferson line-up was:

R. E.	George DeBono
R. T.	Bob Capps
R. G.	John Schauer
C.	Bill Rigler
L. G.	Don Hertz
L. T.	Jack Faulk
L. E.	Dick Ruppert
F.	Herb Poddig
R. H.	John Razzari
L. H.	Bill Lekoff
Q.	Harlan Ferrando

DE SOTO COINS NEW PHRASE

A new phrase is coming into use in automobile circles since the showing of the new 1941 De Soto.

"The new phrase is Fluid Drive with simplimatic transmission," explains James E. Donahue, Daly City De Soto-Plymouth dealer, "and it was coined to describe the sensational smooth drive at all speeds and the simple and automatic shifting of gears designed by De Soto engineers.

"Owners of the new De Soto enthusiastically praise this great development," Donahue continued, "and exclaim at how much Fluid Drive and simplimatic transmission reduce the strain of driving by eliminating gear shifting, and by giving both fast acceleration and economical cruising with the shifter lever in high.

"To start from a standstill with this revolutionary development, it is necessary only to put the lever in the position which is called high range and step on the gas. In acceleration gear the response is instant, giving fast getaway.

"When the car reaches a speed above 15 miles an hour, the transmission is ready for an automatic shift into cruising gear," Donahue further explained, "and without touching the shifter lever, the driver makes the next shift simply by lifting his foot from the accelerator. In slowing down, when the speed drops below fifteen miles an hour the transmission automatically shifts back into acceleration gear ready for another quick pickup.

"In reality Fluid Drive with simplimatic transmission is simplicity itself and its ease of operation and easing up of driving strain are winning it more and more praise."

Four Companies Aid In Extinguishing Fire

Flames from a burning car parked in front of the home of Alec McArthur, 364 Hillside boulevard, called out four companies of the Daly City Fire department, early Friday evening. Companies No. 1, 2, 3 and 6 and Police Officers George Hopman and Joe Kusber answered the alarm. The car's gasoline tank exploded just as Chief Chesney arrived upon the scene, covering the front of the building with the explosive. Quick action on the part of the department prevented further damage.

A brush fire near Junipero Serra hospital on Thursday at 5:55 p. m. was investigated by Fire Chief Andrew P. Chesney, Police Chief James Reardon, Assistant Fire Chief Arthur J. Bodien and Police Officer George Hopman.

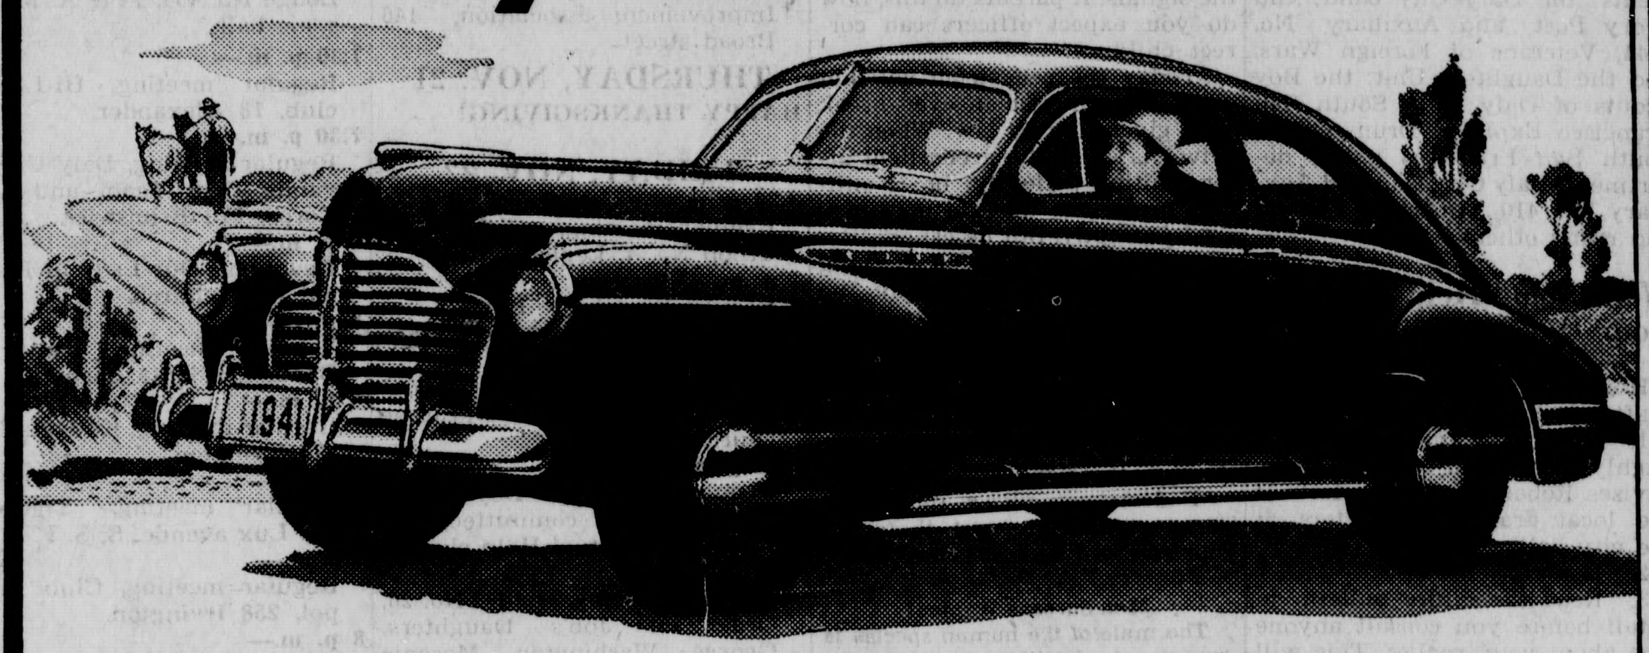
All Right—why DO we buy Automobiles?



THIS is just between you and us and this newspaper, so we can be both frank and honest.

Don't you really buy a car for what it can *do?*

Doesn't the big kick come from being first off the mark and winging up hills as though they weren't there?

There's only one place in the world you can get such things—from a power plant that's up to its job.

But here's the interesting thing the new Buick proves: With *enough* power, you can have that flashing action—*and economy too!*

Our FIREBALL design and Compound Carburetion let us use a standard high gear that has the same economical result as so-called gas-saving devices.

They step up mileage as much as 10% or 15%, wing you down the road at 50 on a 30-mile fuel diet.

They even make driving easier, since they give so much reserve power that you'll have less need for shifting gears, whether it's to top a hill or pick up quickly in slow-moving traffic.

We're not saying style and comfort and size don't count. We wouldn't have worked out "mass-stream" styling, BuiCoil Springing and Buick's new roominess if they didn't.

But when you can get these *and pace-setter performance too*—hadn't you better at least drive a Buick to find out about it?

Want Some Help With Your Questionnaire?

Here's the way to fill out your draft questionnaire:

1. Study the questions thoroughly before you begin to write, advises Robert T. Short, clerk of the local draft headquarters at the city hall.
2. Use ink.
3. Read the entire bulletin in detail before you consult anyone else about your replies. This will save both your time and theirs.
4. Be sure that you sign your name only before a notary public; a member of the local draft or advisory board; or the postmaster.

"Our office wishes to cooperate and help you in every way," Short said today.

Office hours are from 9 a. m. to 5 p. m., daily except for Sundays and holidays. In addition to staying open Saturday afternoons, the offices are also open two evenings a week, from 7 to 9 p. m., on Tuesdays and Thursdays.

With 330 questionnaires already in the mail, Short has been getting a steady stream of questionnaires back into the office daily. Draftees have five days in which to fill out the forms. From now on, questionnaires will be mailed out at the rate of only about ten a day.

Millbrae Motorist Resists Police Officers

Marin Matosich, Millbrae, learned last Wednesday morning that resisting an officer of the law is a serious offense. Arrested by Police Officer Ricco Benedetti for speeding, the Millbrae man refused to accept the ticket, according to police, and was forcibly taken to the local police offices.

Matosich was released on a $50 bond for speeding and a $25 bail for resisting an officer. He will appear before Judge Wade H. Clay at 3:30 p. m., Friday.

WARNING

Urging greater care in making Daly City a safer place to live, Police Chief James G. Reardon issued a special warning to pedestrians today.

"I would like to call to the attention of the people of Daly City the automatic stop signals," Chief Reardon stated. "I have been watching this very closely lately and find the adults are the worst to disregard them. I should like to explain that the green light is for Mission traffic, indicating that the traffic is free to go on, without the hazard of people running in and out between the machines.

"This green light is on for just one minute. Think of it! You might be injured for life, possibly killed, just for the sake of one minute!

"I have seen adults dragging children across the street against the signals. If parents do this, how do you expect officers can correct children?

"Today the pedestrian will not grant the motorist an even break as is given him by law. When the driver is given the green light after waiting patiently, he is entitled to assume that he may proceed promptly. But he cannot. Belated crossers, pedestrians dashing from curbs on both sides of the street to board a street car, make the motorist's progress almost impossible.

"Now this is not a fair deal and the pedestrian knows it. He is the first to cry 'There goes a machine through the signals.'

"Pedestrians—please remember. These signals are put there for your safety. Please observe them."

Men Surpass Women?

The male of the human species is superior in intelligence to the female, according to Professor William Reuter, Westminster college psychologist. Reuter asserts, on the basis of tests, that it has been proved that woman rarely becomes successful through her own ability. Men have always beaten women in every field, even in their own domain of cooking and dressmaking, according to Reuter. He said the difference in innate intelligence between the sexes may be due to the fact that the masculine brain is larger.

Hatless Fad Not New

The hatless fad, which was at its height in '32 and '33, was neither new nor collegiate. It dated back before the American Revolution to the time when English dandies carried their hats in their hands to avoid mussing their curled and powdered wigs.

Miss Vera Bertucci Bride of Paul Viola

Miss Vera Bertucci walked down the aisle on the arm of her brother, Botchi Bertucci, to become the bride of Paul Viola, Sunday. Father Sorasio officiated at the marriage at Holy Angels church.

Miss Bertucci was adorned in a dainty white slipper satin bridal gown with pearl trim, and a cap of pearls holding her long train. A beautiful spray of orchids and lilies of the valley made up her bouquet.

Dressed in a white taffeta dress, a pale blue hat, and carrying a shower bouquet of blue and white flowers, Miss Elsie Bertucci preceded her sister down the aisle as maid-of-honor.

Misses Della Lagomarsino, Mary Conti, Josephine Viola, and Ida Allario were bridesmaids. The bridesmaids were attired in white taffeta dresses, and light pink hats. They carried bouquets of white and pink flowers.

Attending the groom were Ted Molossi, best man, and ushers, Ernie Viola, Fred Bittari and Rinaldo Respatucci.

A dinner party at Lido's was given following the wedding, for the immediate family. Later a reception was given at Columbo hall, Colma, for the newly-weds' many friends.

Upon returning from a two weeks' vacation in Los Angeles, the couple plan to make their home in San Francisco.

Funeral services will be conducted this morning (Tuesday) from the W. C. Lasswell chapel, with a 9 a. m. mass at Holy Angels church. Interment will be in the Italian cemetery.

Surviving Mrs. Ronconi are six children, Mrs. Marie Gardella, Mrs. Rena Vallerga, Mrs. Edith Avila, Mrs. Virginia Mateoni, Mrs. Angela Ratto and George Ronconi. She was the wife of the late Giovanni Ronconi.

First Use of Thimbles

Thimbles are said to have been found at Herculaneum and were used by the Chinese at a very early period. Their invention in Europe is traditionally ascribed to Nicholas van Benschoten of Amsterdam in the Seventeenth century.

Whites Celebrate Golden Wedding Anniversary

Fifty years of married happiness was the shining record that lay behind Mr. and Mrs. Sidney Powell White, 918 Hanover street, last Thursday evening when they celebrated their golden wedding anniversary with a dinner at Tivoli's in North Beach.

Present at the affair were twenty guests of the White family. Presents, congratulations, dancing and games made the occasion a memorable one. Mr. and Mrs. White are both 74 years old.

It was just exactly fifty years ago, on November 14, 1890, that Mr. and Mrs. White were married at St. Margaret's church, Lowestoft, Suffolk, in England. Moving from England later, they made their home for eighteen years in Winnipeg, Canada.

It was twenty years ago that Mr. and Mrs. White first moved to Daly City, where they bought their own home at 420 Irvington street. About three and a half years ago they moved to their present location on Hanover.

An old mariner of the seven seas, White was a seafaring man for thirty years. He also worked in Yosemite park for twelve years before he retired.

Guests at the dinner included Mr. and Mrs. White; a son, George Frederick White, and his wife, Mrs. Lillian Cecelia White; a son, Sidney White jr.; a daughter, Mrs. Ada Singer and her husband, Oliver Singer, with their three children, Billy Roy, Betty Laura and Shirley Ann; a son, Albert Edward White and Mrs. White, with their two children, Dorothy and Richard Cecil; and a daughter, Mrs. Jessie Irene Grantham and her husband George Grantham, with their two children, Marjorie Irene and Beverly June; and Jack Sidney Lanser, son of Mrs. Ada Singer, by a former marriage, and his wife Mrs. Dixie Lanser.

Ford For 1941 Offers Big Value

Indications that the 1941 model season will be one of the greatest sales volume years in the recent history of the automobile business is seen in the reports reaching here from the leading motor trade executives who have been covering the "auto show circuit".

"The California Auto Shows were no exception, as both the San Francisco and Los Angeles motor shows played to record crowds this year with dealers reporting that buying showed an increase of from 20 to 25 per cent over the sales for the same period of last year," said A. J. Bertini, of National Auto Company, local Ford dealer, yesterday.

The new Ford models are being featured in special displays this week at dealer showrooms throughout Northern California with the public cordially invited to inspect and compare the 1941 offerings of the Ford Motor Car company.

Andie Silvanes Honored At Party

Andie Silvanes was guest of honor last Saturday night at a birthday party given in his honor by his wife, Mrs. Silvanes, and his son, Richard, at their home at 1056 Huron street. Former residents of 200 Los Banos avenue, the Silvanes are well-known in Daly City.

As each guest arrived at the party, he was presented with a brightly-colored miniature Hawaiian lei by Silvanes. Made by Mrs. Silvanes, the charming favors were attached to a miniature heart wishing the recipient good luck.

The evening was spent dancing and singing to a three-piece orchestra playing Hawaiian music. At midnight a Mexican supper was served, and Silvanes presented with a number of lovely gifts.

Guests included Mr. and Mrs. J. Goyenechi, Mr. and Mrs. P. Zana, Mr. and Mrs. M. Guerrero, Mr. and Mrs. F. Bagala, Mr. and Mrs. L. Preader and nephew, Jackie, Mr. and Mrs. J. Santos, Mr. and Mrs. A. Police Chief Urges More Care In Parking

"When parking your car, always turn your right front wheel into the curb," Police Chief James G. Reardon repeated today.

Another minor accident resulted last week from failure to take such a precaution, he said. The car of Dr. William C. Lynch, 101 Wellington avenue, rolled down Irvington street and crashed into a fence at 464 Irvington, the home of F. W. Riches, and bumped into the house of Clifford Paulson, 460 Irvington. Lynch's car had been purchased only the day before, police said. Damage was slight.

Chrysler Dealer Sees Big Year For Auto Industry

Now that major automobile shows throughout the country are over, and automobile production on the new models is going ahead at full speed, every indication points to another highly successful year for the industry as a whole, according to A. L. Timossi, Mission Auto company, Chrysler-Plymouth dealer here.

Earlier in the season it was felt in many quarters that the National Defense program would tend to curtail output by placing an unusual burden upon material sources and the available supply of skilled labor. However, it is apparent at this time that in spite of the fact that work is proceeding rapidly on National Defense orders, normal production volume of the industry has not been decreased.

"It seems to me," declared Timossi, "that 1941 should be one of the best years the automobile industry has enjoyed. General business is improving throughout the country. This fact, coupled with the millions of dollars that are being spent by our government in the Defense Program, will put vast sums of money into circulation. Generally, the leaders of our industry look for an increase of from ten to twelve per cent over the business we enjoyed in 1940.

"In our own operation," continued Timossi, "retail sales of our new 1941 Chryslers have already exceeded our original estimates, and I believe that the fourth quarter of this year will set another record of sales throughout Northern California."

Straight And Narrow

STICK TO THE STRAIGHT AND NARROW! That is good advice in traffic as well as in behavior.

Many accidents are caused by drivers changing directions suddenly—swerving from one traffic lane to the other without warning the driver behind.

Remember that the driver behind you is no mind reader. If you want to get into another lane, it is your responsibility to be sure the way is clear, and to signal your intentions.

Bidu Sayao To Sing Nov. 26

Bidu Sayao, the brilliant young Metropolitan star who was such a sensational success during the recent season of the San Francisco Opera association, will be the second concert attraction of the opera association when she appears at the opera house, next Tuesday night, November 26.

Miss Sayao is called the "glamour girl of the opera house." Her career in the operatic world since she left her home in Brazil a few short seasons ago has been one of the milestones in recent music history.

Toscanini introduced Sayao to American audiences when he brought her to New York to star in the Metropolitan's "Blessed Damozel." After her great success in this she rapidly added to her laurels by her roles in "Manon," "Traviata," "Barber of Seville," "Rigoletto," "La Boheme" and "The Marriage of Figaro."

The brilliant and lovely young artist is bringing the best of her repertoire here for this first concert appearance in San Francisco.

Tickets for the concert are now on sale at Sherman, Clay and company.

Purpose of the conference is to give the junior leaders practical knowledge of patrol organization. Experts in the scouting field will be instructors at the conference.

Boy Scout Troop No. 101 is paying half of the expense toward sending the group. The boys will leave here Friday morning and return Sunday evening, after a large turkey dinner at the camp.

Farewell Party For Lloyd Stone

Seven close friends gathered at the home of Mrs. Lloyd Woltzen, 50 Urbano drive, to give Stone a royal send-off which included turkey dinner, dancing and cards. A Daly City draft volunteer, Stone will leave here at 8 a. m. Tuesday morning to be inducted into the United States Army for a year's military training. With him he will take a new leather shaving-kit, the gift of the guests at Wednesday night's party.

Four PTA Units Stage Joint Meet

Four local PTA units—Crocker, General Pershing, Woodrow Wilson, and General Pershing—met in a friendly get-to-gether last Tuesday evening at the Jefferson auditorium. More than one hundred members and friends were present.

Highlight of the evening was a searching analysis of local city problems and accomplishments by three city officials—Water Superintendent A. J. Bodien, Fire Chief Andrew P. Chesney and Health Officer Fred Collins, and a friendly address by Principal James Ferguson.

Presiding at the meeting was Mrs. Mildred Seiler, president of Jefferson Union high school PTA. Mrs. Catherine Foreman, president of Woodrow Wilson PTA, introduced several visiting dignitaries, including Mayor John J. Fahey; Councilmen Edmund Cavagnaro, Julius Twesten and Paul Selmi; R. L. Crane, district superintendent of schools, and a number of teachers.

In charge of the evening's program was Mrs. Hazel Cassasa, president of Crocker PTA; while Mrs. Ann Eason, representing General Pershing PTA, led the salute to the flag and the "thought for the day."

Greatly enjoyed during the evening were the musical selections played by the Jefferson Union high school orchestra under the direction of Oscar J. Busch, and the refreshments served in the high school cafeteria following the meeting.

Seventeenth Century Employers

Believing that it was necessary to threaten employees with hunger in order to get more work from them, Dutch and English economic literature in the Seventeenth century stressed the necessity of lowering wages to the minimal level of subsistence, says a study of The Evolution of the Classical Wage Theory, issued by the Columbia University Press.

THANKSGIVING DINNER

—this one starts with a flare and ends with a flourish

by Dorothy Greig

IN pioneer days, the man of the family proudly brought home a wild turkey for Thanksgiving dinner Eating that turkey, though it was probably a bit on the scrawny side, was Thanksgiving indeed.

Today, our turkey arrives via the butcher's boy. It is specially bred, specially fed and specially fattened up. In fact, breeders tell us that even the turkey's chassis is being remodeled. It will be shorter from fore to aft and padded much thicker with meat.

If this continues, it is easy to see that Mr. Turkey will soon exchange his strut for a waddle. He may, indeed, decide that just sitting down and staying put is a turkey's most comfortable way of life.

However, important as the turkey is for Thanksgiving dinner, it is not the whole story by any means. For that's one meal which starts with a flare and ends with a flourish, and we all serve it with our own individual touches. Here are mine—a delicious soup and a glorious pudding:

Thanksgiving Dinner Menu

***Cream of Chicken and Corn Soup**
Celery Hearts Stuffed Olives
Roast Turkey with Stuffing
Cranberry Jelly
Creamed Whole Onions
Buttered Green Peas
Glazed Sweet Potatoes
Hot Rolls with Butter
***Steamed Fruit and Nut Pudding, Ice Cream Sauce**
Coffee

Since an abundant harvest of corn was joyful cause for Thanksgiving on the part of our forefathers, I like to acknowledge that fact by serving a corn soup for my Thanksgiving dinner:

***Cream of Chicken and Corn Soup**

4 teaspoons butter
4 teaspoons flour
2 cups milk
2 cans condensed chicken soup
6 tablespoons cooked corn

Melt butter, add flour and cook until frothy. Then add milk and cook until thickened. Add soup and corn and heat, but do not boil. Serves 6-8.

The pudding is the grand climax of the meal. It is dark, rich, fairly bursting with fruits and served with a white froth of a sauce:

***Steamed Fruit and Nut Pudding with Ice Cream Sauce**

3 tablespoons shortening
¾ cup sugar
1 egg, beaten
1 can condensed tomato soup
2 cups flour
1 teaspoon cinnamon
½ teaspoon nutmeg
¼ teaspoon cloves
2 teaspoons baking powder
½ teaspoon baking soda
2 cups chopped figs
¾ cup chopped raisins
¾ cup chopped nutmeats

Sift flour, then measure, add spices, baking powder and baking soda and sift again. Combine the chopped fruits and nutmeats and mix with 4 tablespoons of the flour mixture.

Cream the shortening, add sugar gradually and cream well together. Add beaten egg and mix thoroughly. Then add the flour alternately with the soup. Stir until the mixture is smooth. Then fold in the fruits and nutmeats. Put in a buttered mold and steam for 2-2½ hours.

For Mold: Use Melon Mold, empty coffee or shortening can and fill to within 2 inches of the top. Serves 8-10.

Ice Cream Sauce

1 egg, separated
¾ cup confectioner's sugar
¾ cup whipping cream
1 teaspoon vanilla

Beat the egg white until stiff, then add the sugar gradually. Stir in the egg yolk. Fold in the whipped cream and add vanilla. Serve over the slices of Steamed Fruit and Nut Pudding.

Parochial School

Sixth Grade

Book reviews and the interchanging of books made an interesting "Book Week" for the pupils of the sixth grade. The pupils all took turns telling amusing incidents of the stories they had read. After completing the books, the pupils interchanged their books with one another.

Second Grade

"Books I Have Read" is the title of a little pocket chart owned by the students of the second grade. These charts are for the purpose of showing books completed by the pupils.

As the week drew to a close, each pupil chose the book that was most interesting to him and gave a brief review of the story.

Third Grade

IMPORTANT: Students of third grade are planning a play for Thanksgiving called "Little Indians Looking On." This play will be the first one presented this semester.

Gorillas Are Sissies

Questionnaires Now In Mails To Draftee List

Is your name included on this list?

If it is, the chances are that you will receive your selective service questionnaire within the next few days, if you have not already done so.

The list shows the order in which Daly City men with order numbers between 100 and 300 will be classified, and from which will probably be selected draftees to help fill the quota for the next call in January.

Out of the first 100 men from this district picked by the national lottery, less than 7 or 8, or approximately 15 per cent, are expected to be available for service. Of these few, approximately fifty per cent will probably fail their physical examinations.

If your name appears on the list below and you are eligible for training, it is likely that you will be called to the colors shortly after the first of the year.

An estimated 10 or 12 men will be summoned from this district, which has a quota of about 170 to fill by June 1. In order to fill this quota it will probably be necessary to mail out about 2,000 questionnaires.

Numbers missing from the list belong to South San Francisco or other parts of District 103.

When amnesia causes a man to forget that he's married, it's up to the wife to convince him. That's the situation in "I Love You Again," rollicking new Myrna Loy-William Powell co-starrer, which opens this Thursday on the Daly City screen. Frank McHugh and Edmund Lowe are others in the cast of the new laugh hit.

News of the Jefferson School District

At Jefferson Grammar School

Kindergarten

Jefferson kindergarten is having a school gardening activity. Three weeks ago the children planted gardens in green boxes. The boys built lath shelves upon which the children have placed their individual plants of sweet peas.

There was great interest shown when the seeds first started to germinate. Now the plants are about seven inches high, and the children are waiting patiently for the first flowers to bloom.

The children have already become acquainted with other types of plants. They have had the experience of preparing various kinds of garden soil. They have learned the importance of caring for the garden, and returning garden tools to their proper places.

Second Grade

Danny Olivieri, a second grader at Jefferson school, has a hobby of collecting butterflies. He recently brought a case of specimens to school and during nature study period showed it to his classmates. He told how he caught and preserved them. The case contained various beautiful specimens and the children had an opportunity to look closely at the delicate structure of the wings and the beautiful coloring.

During the art period, which followed, the class tried to see how nearly they could reproduce this beauty on paper with crayons. The best pictures were selected and exhibited on the bulletin board.

Fifth Grade

In the fifth grade, one language period a week is spent in perfecting the technique of oral expression. During the period, the children present prepared reports before their classmates.

Good speech, voice, poise, and how to stand and speak while addressing a group of people are emphasized. The audience is taught to listen courteously and attentively.

After each talk, the child is told about the good points in his presentation and then he is told how he could improve his speech.

WOODROW WILSON PRIMARY NEWS

Fourth Grade

A rainy day didn't daunt the spirit of the fourth graders as they climbed aboard the school bus for their annual trip to the museum, at Golden Gate park, November 6. Traveling on the bus, in the rain, was a new experience for them.

At the end of the trip the students got right down to the business of writing stories and drawing pictures of their visit.

Woodrow Wilson Elementary News Notes

Room 8

Room 8 of Woodrow Wilson elementary school visited the De Young Museum, last Friday. The purpose of the visit was to give the children an opportunity to study the culture of the people who lived during the period of the early explorers and conquerors of this continent.

Room 12

Jimmy Pedersen, Clifford Jobe, Lucille Shrive, Roffella Compani, Albert Prowse, and Gordon Cady have just completed a friez telling the story of "Lighting." The friez tells the story of light from cave man's method down to the modern way.

Underground Hospital

An underground hospital, at Ramsgate, England, the first in that country, is being dug out of rock chalk 90 feet below ground, immediately below the present Ramsgate general hospital. It will include a general ward 559 feet long, containing 200 beds.

Temporary Lay-Off

The sign on a Louisville church lawn didn't mean members of the flock were weary of well-doing, but it actually read: "No Christian Endeavor until November 15."

Wild Duck Increases

The number of wild ducks in continental North America was increased by nearly 2,500,000 during the past year through the efforts of American sportsmen.

Revolutionary Borrowing

Over $500,000 in cash was borrowed by the United States during the last two years of the Revolutionary war, according to a study of "Business Enterprise in the American Revolutionary Era" issued by the Columbia University Press.

birthday at a dinner, last Tuesday, in the R. S. Thornton school. The day proved to be a huge success, with more than 35 people present. There were 13 charter members, several neighboring unit presidents. Mrs. Frank Stanger and Mrs. H. Eder, officers of the seventeenth district, were also present.

Baskets made in brown and orange were the favors given at the dinner. In the center of the table was a miniature oak tree with 17 acorns, to represent the 17 districts.

Following the dinner their regular meeting was held. Upon adjournment of the meeting Mrs. Colwell's class gave a few poem selections, and Miss Genevieve Gannan's class put on a program about San Mateo county.

Mrs. James Burgard, Mrs. Mabel Willbanks, Mrs. H. L. Remington, and Mrs. A. Hollingsworth attended the district parent-teacher association meeting in Burlingame, Friday.

Richard Garibaldi, Colma, celebrated his first birthday at an informal birthday party Saturday. Richard's sister, Carol Gay, his cousins, Donald and Irene Garibaldi wished him a happy birthday.

Mr. and Mrs. C. E. Lowe, 211 F street, Colma, were the guests at a fish dinner, Saturday evening. The dinner was held at their daughter's home, 50 Urbano drive, San Francisco.

Miss Florine Capurro will attend a tea at the Palace hotel, Saturday afternoon. Delta Sigma Nu is giving the tea in honor of the alumni of the organization.

Watch Crystal Strength

It is estimated that an ordinary watch crystal will crack under 50 pounds weight.

Campus Fashions

Sweaters have graduated from simple sport - wear to an essential place in your winter wardrobe. Whether your wardrobe needs a formal or just a simple afternoon dress, "The Sweater" still comes in for first honors.

Newest evening dresses have tops copied along lines of a pullover sweater, with the form revealing slimness.

As long as we are on the subject of sweaters, let's give a fashion bouquet to an up-to-the-minute Miss, who also believes in wearing these cute knitted tid-bits called sweaters. When asked her opinion on sweaters for the high school girl, she said, "I think sweaters are an essential part of a girl's campus wardrobe."

Well, enough on sweaters. Let's get down to business and I'll let you in on a little secret, because I am sure you haven't guessed who our fashion Miss is. She has dark hair, pretty eye lashes and the cutest dimples you ever saw. She caught my eye as she appeared dressed in a deep maroon sweater, and a light pink skirt.

Yes sir! we want to extend an extra large bouquet to that cute Miss Dolores "DoDo" Mardecich.

New Copper Discoveries

New discoveries of copper ore 150 miles southeast of Yellowknife, Alberta, flourishing subarctic mining camp, have been reported. They are expected to give added importance to the northern mineral fields, particularly in view of the war demand for basic minerals.

Bullet's Ineffectiveness

The ineffectiveness of bullets shot into water is the result of the absorption of energy by the water. The amount that a lead bullet will flatten on impact with water varies with the striking velocity, the hardness of the lead and the angle of impact.

Meet Joe Zacheo

To the left is Joe Zacheo, new grocery proprietor at Joe's Market, formerly Ed Knoll company, 6001 Mission street. Operating the up-to-date market with him is Joe Doyle jr., popular young butcher and manager of the meat department.

Zacheo, a disabled American veteran of the World War, comes to this community with a successful background in the grocery business in San Francisco and on the Peninsula.

Doyle is well-known to county-line housewives for quality meats priced at distinct savings.

Mexican Fireproof Homes

The typical Mexican home is virtually fireproof, for practically no wood or other inflammable material goes into its construction.

Fireproofed Cotton Insulation

The possible use of fireproofed cotton as an insulating material in the construction of homes, office buildings, and other structures has been suggested in Texas, where such a process has been developed.

Buick Retail Sales Hit All-Time High

Retail sales of new Buick automobiles in California during October reached a new all-time monthly high.

This is the report of M. J. Soldavini, Belli Motor company, local Buick dealer, basing his statement on figures just released by Motor Recorder, which shows Buick with 3101 new car registrations in the State last month.

The figure exceeds by a substantial margin the previous high monthly sales total set in August, 1927, when 2656 new Buicks were registered in California.

In setting this new sales record, Buick moved up from its usual fourth position to third place in new car registrations, being exceeded in sales by only two cars in the very lowest price range, Soldavini said.

In 1923 Edward Bok, the philanthropist, founded the American Peace award, offering $100,000 for the most practicable plan to establish and preserve the peace of the world.

At Jefferson High

Music

Proud voices lifted to the refrain of "America" as the Thanksgiving program came to a close, Thursday. The chorus and band, under the direction of Oscar Busch, presented the program to the student body.

"America The Beautiful" and "The Lord's Prayer" were sung by the chorus. The band contributed the last part of the program with the selection, Debonnaire Overture, by Erik Leidzen. The student body stood up and sang the first stanza of "America" with the band.

I've heard, I am not sure, of course—just heard—but—rumor has it that the members of the chorus are planning to identify themselves in some way—possibly by wearing pins. Last week a committee was chosen to work on the matter. The following students were elected from their classes: Lorraine Anderson and Roger Kucich from third period; Minnie Jorgensen and James Matteucci from fifth period, and Mary Roberts and Harlen Ferrando from the sixth class.

Lembi's Cowboy band certainly has been travelling lately. Thursday they played for the Daly City Post No. 410, American Legion, and Friday they lent their talent to the St. Francis church.
